Feedback

Tell us about your experience at Dam Challenge.

1st time Racer

Sounded like a fun challenge and past competitors spoke highly of it

Volunteer

I wanted to learn some leadership skills and for some community service

Returning Racer

Love the race, especially the canoeing. This was my 12th.

Racer

Everything was excellent, from the communication to the Friday night dinner to the event itself and I was extremely satisfied with my experience as a first time participant. Huge kudos to all the volunteers who make the Dam Challenge a success!
