

Frog Walk Tuesdays

March 28th – July 18th 2017

For each Tuesday evening, come to the KVR for a short “frog walk” to participate in the Single Wetland Frog Phenology Study. Meet and park at the south gate of the Old Hwy 131 Trail, starting 15 minutes after sunset. We will walk to the ponds just north of Bridge 18 to hear and identify the species of frogs present. Additional night sounds may be heard at no extra charge.

Total walking distance is 0.5 mile and event should not last more than an hour. Attendance is free and open to anyone interested in hearing and identifying frog calls, or anyone else who might want to take a short walk with people who are interested in hearing and identifying frog calls. No registration is required. Fun for all ages. Walk cancelations will occur only for heavy rains and/or thunderstorms; a light rain is ideal for frogging. For more information, contact Ben at KVR office (608) 625-2960 or email ben.johnston@wisconsin.gov
