

KICKAPOO RESERVE MANAGEMENT BOARD (KRMB)

Policy Agreement for Donations

Policy:

Contributions to the Kickapoo Valley Reserve (KVR) are greatly appreciated. Any gift (such as an item(s) or monetary donation) to the KVR, either for the Visitor Center or elsewhere on the property, immediately becomes ownership of the State of Wisconsin - KVR through the authority of the KRMB through Wisconsin State Statute 41.41. As such, the donor agrees to give up any and all current and future rights to the gift(s).

The donor understands and agrees that the gift(s) accepted by the KVR will be stored, displayed, and/or used as the KRMB or Executive Director deems necessary in compliance with the project mission. Items will not be accepted under any conditions of permanent display or other such terms imposed by the donor. Memorials referencing persons or organizations are not allowed on the property. Man-made impacts beyond the Visitor Center area will be kept to a minimum. Native trees and other native plants will be accepted with prior approval as a "natural memorial" but no signage (i.e. plaques, engravings, inscriptions, or otherwise) is allowed.

The donor understands that any value placed upon items for charitable giving or tax deduction purposes are at the sole discretion of the donor. No representative of the KRMB or KVR staff will place a value on a gift, nor will they assist the donor in placing a value on any item(s). It is the responsibility of the donor to have the item(s) appraised for tax purposes prior to donating.

If the KRMB or Executive Director decides not to keep a donated item(s) for any reason, the item(s) will be disposed through any ethical and legal procedures deemed necessary. If the item(s) is sold, the proceeds will be used at the discretion of the KRMB or Executive Director for the KVR.

This agreement, as stated on this form and any attachment, represents the total agreement between the Kickapoo Reserve Management Board (KRMB) and the Donor.
